

# Gatsby

Accommodate styles from modern to classic.

furniture for **business interiors**

# Gatsby

Modern. Classic. Diverse.

✚ The Gatsby line of guest chairs includes six different back options to accommodate styles from modern to classic. Choose from traditional fully upholstered backs to transitional slat backs and modern vertical open panel back styles. Make your area unique by mixing and matching back designs within your workspace.

✚ Grab attention with the open vertical panel back, or sit in style in the fully upholstered model. The slat back models curve to fit your body and support you in all the right places.

✚ Gatsby's arched arms and legs add simple beauty and full support.

- 1. fully upholstered back
- 2. 3/4 upholstered back
- 3. wood panel back
- 4. upholstered wood panel back
- 5. vertical slat back
- 6. upholstered vertical slat back

**Gatsby** by JSI is a guest chair line that is flexible in style and detail, but beautiful from every angle. The arching arms, legs and back details add graceful curves to this versatile guest chair.

Available in all standard JSI wood finishes. The clean lines of the Gatsby offering can easily transition from stylish to classical by varying the wood finish, textile choice and back style. Complete any work space in any style with Gatsby.

*Wood finishes offered on Gatsby coordinate with existing JSI wood finishes on casegoods and conference offerings.*

*Seating frame and components are made from maple.*

*Back legs and slats on the vertical slat back models are steam bent.*

*DuraTex low emission topcoat significantly reduces hazardous emissions and offers exceptional hardness, abrasion and impact resistance.*
